High Visitor Satisfaction Levels

After speaking with a cross-section of trade visitors who attended the F&A Show 2014, what emerged was a strong need for expanding the scope and scale of the event by bringing more suppliers with diverse products into the ambit. Visitors were satisfied with the range of products on display, many of whom placed orders while others are in business negotiations.

The 2015 Edition of the F&A Show will definitely see a larger participation from fabrics and accessories companies from India and overseas.

Trade visitors expressed their views about F&A Show. Here are quotes of some of the visitors:

Mr. WALTER PERERA
Managing Director, Queens Workwear Pvt Ltd, Sri Lanka:

"I have specially come for this show and have connected with a couple of companies that make twills for workwear and we will be following up with them. At present, much of the fabrics are sourced from China and elsewhere. India is only a hour-and-half away from Sri Lanka and there is a lot of scope for Indian fabrics in our country."

Ms. RUBY JAYAN
GEORGE COO, Gokaldas Exports Ltd, Bangalore:

"I was looking for a particular kind of lace, like polyester 100gsm with bigger widths, and could get a couple of new suppliers at the show. We will be taking this forward. It's forums like this where we get to meet multiple vendors and get competitive categories. This show is on its way to be world class."

Mr. M. THIRUENI
Executive Director, Supreme Enterprises, Tirupur:

"I found lot of good varieties of cotton fabrics and are following up with discussions with those vendors. The arrangements at the show were excellent."
